

NOTES OF TRAVELERS

BREEZY COMMENTS BY DR. HARROWER ON EAST AND NEAR EAST

Dr. Henry R. Harrower has returned from a six weeks' trip to the large cities in the East. He went with the expectation of securing the latest information about the special phase of medicine in which he is interested and he lectured in various cities to physicians who are interested in the work of his laboratory here in Glendale.

He reports an excellent interest and is enthusiastic, as usual, over the prospects. On the tedious return trip he wrote out a number of short items of interest which we have pleasure in publishing below. We also understand that the Doctor made a special trip to Washington to the Postmaster General's office in an attempt to get attention to the unsatisfactory postal service which we have to put up with here. We are promised a full report of his visit to Mr. Coons, the First Assistant Postmaster General, which will be published in an early issue of the News.

Notes on a Trip to New York

New York is too big, too busy, too dirty and far too far from California to be a pleasant place to live in. It is a good place to leave, especially if one is going West!

America is going insane; and if I am not mistaken the insanity is more serious the further East one goes. I have especially in mind the laboring classes and their frequent strikes, and the employing classes and their spendthrift tendencies. It is bad enough at home as we all know, but it is ever so much worse in the East.

Street car fares vary much and occasionally one finds a conductor who seems surprised when he is asked "How much?" In New York one pays the same old nickel; and there is plenty for your money—especially of noise, bustle and squeezing. In Pittsburg it is only 10 cents and seven in Chicago. Really carfare varies as much as the price

(Continued on Page 3)

HOSPITAL PATIENTS IMPROVING

David Cory, the motorcycle rider, who was so badly injured Sunday in the mix-up with the Sunland-Los Angeles stage, is showing steady improvement, is the report from the Glendale Sanitarium hospital, and no apprehensions are felt now as to his recovery. John Gysin, whose right leg was amputated Saturday, is also getting along very satisfactorily.

SURPRISE SHOWER

GUESTS MEET TO HONOR ENGAGED COUPLE AND FIND THEY'RE MARRIED

Mrs. Wm. Gordon Wheatley, of 1141 East Elk avenue gave a wedding shower in honor of Dr. Arthur H. Kretschmar and Miss Duffield Sturges, Monday evening, April 26. The large living room was beautifully festooned with White Cochet roses, orange blossoms and asparagus fern, in the cosy library pink carnations and Cecil Brunner roses were used.

A pleasant evening had been planned by the hostess. There was a program of readings and music and a novel game in which the bride and groom-elect should find the gifts.

Each guest was given the end of a string, which they were to follow. When the end was reached a bag of rose petals was disclosed. The bride and groom found a huge basket, in which were many beautiful gifts. They were showered and then, greatly to the surprise of all present, were introduced as Mr. and Mrs. A. H. Kretschmar, and it was announced that they had been married in San Diego, Friday, April 23.

(Continued on Page 6)

DELEGATES TO GENERAL CONFERENCE

Dr. and Mrs. Byron Wilson, parents of Mrs. F. Marion Smith, who have been with her since last January, have gone East to the General Methodist Conference at Des Moines, Iowa, as delegates from the Southern California Conference. Dr. Wilson is Superintendent of the Los Angeles District and on his return he and Mrs. Wilson will be located in Los Angeles. It has been a great joy to their daughter and son-in-law to have them at the parsonage and they will be greatly missed there.

LUNCHEON-MATINEE

MRS. MABEL RUDY ENTERTAINS FRIENDS ON EVE OF DEPARTURE

Mrs. Mabel Rudy of West Lomita avenue was hostess at a delightful four-course luncheon, served Monday at Christopher's in Los Angeles, followed by an afternoon at the Orpheum. The table was centered with yellow daisies and the same color scheme was carried out in place cards and appointments. Covers were laid for: Mrs. Andrew Findlay, Mrs. Warren Roberts, Mrs. W. H. Bailey of Los Angeles, Mrs. Claud Hilliard of Los Angeles, Mrs. C. E. Norton, Mrs. Lester Jones, Mrs. William Crocker, Mrs. Charles Temple, Mrs. A. H. Montgomery, Mrs. Sallie Braden, Mrs. John King, and Mrs. Rollin McNitt of Eagle Rock.

Mrs. Rudy is leaving Sunday for Kansas City, where she and her son will visit her mother, Mrs. John Preston Strode, for several weeks and may go from there to the Atlantic coast. Mrs. Rudy will be guest of honor at a number of luncheons this week.

MASONIC WORK

Such an increase in interest in Masonic work has taken place within the last few months that the Masons of local lodges have had to set apart special evenings for work outside the regular lodge meeting nights. Such a special work session was held by Unity Lodge known as "Blue Lodge" last Saturday afternoon and evening and to save the time of members a supper was served at six o'clock. So much is the temple needed for Masonic uses that the Masons have voted to cease renting it for transient use. The only tenants allowed will be the Tuesday Afternoon Club and the New Thought Society which will have yearly contracts.

79TH BIRTHDAY CELEBRATED

Mr. and Mrs. L. N. Hagood and children, and Mr. and Mrs. Merritt Brown and daughter motored to Alhambra Sunday to attend the birthday gathering of Mrs. Hagood's grandmother, Mrs. A. McIlhany, who celebrated the 79th anniversary of her birth. Quite a large group of relatives from Redlands, Alhambra, and San Gabriel were present and five generations were represented including Mrs. Hagood's mother, Mrs. Hagood's daughter, Mrs. Brown, and her grand-daughter, little Bettie Jane Brown. Mrs. Hagood's family came to California from Missouri.

CHANGE IN TIME

The Musical Comedy, T. N. T., which is to be given Friday evening at the High School under the auspices of the Student Body by the Arden Dramatic Society of Occidental College, will begin promptly at 7:30. More than usual local interest attaches to the entertainment since Kenneth Belden is manager. This popular comedy has met with great success wherever it has been presented. Sixteen new popular songs will be heard including Burning the Cinders, We Like the Black and Orange, but Not the Black and Blue, I'm a Professor of Science, As We Learn the Military, Have You a Degree in the University of Love, Good-Bye, Los Angeles, etc.

ORATORICAL CONTEST

G. U. H. CLASS REPRESENTATIVES CHOSEN TO COMPETE FOR HONORS

Tryouts to secure representatives of the four High School classes at the coming oratorical contest, the big event of the year, have been completed. The senior class had six contestants who had their try-out last Thursday. They were: John Hoover, the American of World Vision.

Floyd Carmack had expected to enter the lists as a would-be champion for the Freshmen with the subject, "The Japanese Menace," but he is leaving school to go to work and his absence leaves but one other contestant, Miss Emily Earl, who will represent the class with an oration on "Theodore Roosevelt."

These four class representatives are exceedingly busy this week getting their orations in final and type-written form that copies may be sent to those who are to judge them for composition and thought. While Worley, who represented his class last year; Guy Bennett, who has represented

MYSTERIOUS EXPLOSION IN DES MOINES

MUNICIPAL GAS PLANT WRECKED AND ENTIRE CITY IS WITHOUT GAS; MANY CASUALTIES

(Special Service to Glendale Evening News)

DES MOINES, April 27.—One workman is dead, three are missing, another is fatally injured and several firemen are hurt as a result of a mysterious explosion which wrecked the plant of the Des Moines Gas Company early today. The entire city is without gas as a result of the blast. Paul Devine, superintendent of the plant, was killed outright. For a time the whole district was threatened by fire. Flames were blown many blocks by the force of the explosion and set fire to scores of structures.

DEMOCRATIC LEADER

UNDERWOOD OF ALABAMA ELECTED SENATE LEADER BY UNANIMOUS VOTE OF MINORITY

(Special Service to Glendale Evening News)

WASHINGTON, April 27.—Senator Underwood of Alabama was elected Democratic leader in the Senate today by unanimous vote of the minority. The caucus at which Underwood was selected lasted only five minutes.

BOLSHEVIK SPRING OFFENSIVE

JAPANESE DISPATCHES REPORT BOMBING OF HADAROSZSK BY AIRPLANES

(Special Service to Glendale Evening News)

TOKIO, April 27.—Strong Bolshevik forces are bombing Hadaroszsk, according to a communique issued by the Japanese War Office today. Bombardment from airplanes flying over the city caused considerable damage, north of Nikolsk, the official report said. Recent reports of fighting in Hadaroszsk had made no mention of the use of airplanes. The latest report is taken to indicate the opening of a Bolshevik spring offensive.

BOLSHEVIK FLARE UP

REVOLUTION REPORTED IN JUGO-SLAVIA AND BELGRADE GOVERNMENT USING MACHINE GUNS

(Special Service to Glendale Evening News)

LONDON, April 27.—A Bolshevik revolution has broken out in Jugo-Slavia, says a News Agency dispatch to Rome from Trieste correspondent of the Massagero at Rome. Hundreds have been killed, the dispatch said.

In Belgrade the government was reported as protecting itself with machine guns. The dispatch was unconfirmed. Twenty persons were reported as killed in Agram, 18 in Lupoizen.

Note.—Reports of active internal troubles in Jugo-Slavia have been current for several days. Telegraph and telephone service has been interrupted.

The Jugo-Slavia delegates in asking for a postponement of the settlement of the Adriatic controversy by the Council of Premiers at San Remo, gave internal unrest as one of the reasons why they wished delay.

THE ARMENIAN MANDATE

CONGRESS WILL NEVER CONSENT TO HAVE "POORHOUSE OF EUROPE" WISHED ON IT, LEADERS DECLARE

(Special Service to Glendale Evening News)

WASHINGTON, April 27.—The rejection of the allied proposal that the United States accept a mandate for Armenia was forecasted today when Senator Hitchcock, administration spokesman, declared he did not believe the American people would back such a program. Added to the Republican comment, which declared the plan was an attempt to "wish" upon us the poorhouse of the world, Hitchcock's attitude was believed to indicate definitely that Congress will never give its consent to the project.

This mandate would involve America in large expenditures and possibly in war, it was held.

"If we accept the mandate we should most certainly have Constantinople and control of the Dardanelles, but I see no mention of this in the offer of the allies," said Hitchcock.

AIR MYSTERY AT SAN DIEGO

BLASTS AT INTERVALS SHAKE WINDOWS AND BUILDINGS WITHOUT GROUND BEING AFFECTED

(Special Service to Glendale Evening News)

SAN DIEGO, April 27.—San Diego is mystified today over air disturbances which last night excited the entire city. Air blasts at regular intervals shook the windows and buildings. The ground was not disturbed and while the seismograph at Point Loma recorded the blasts, the scientist in charge stated absolutely there were no earthquakes. Navy and army officials united in declaring that there was no gun fire either on land or at sea. It was still a mystery at noon today.

TEACHERS' CLUB

ENTERTAINS HIGH SCHOOL INSTRUCTORS AND P. T. A. AT HIGH SCHOOL GYM.

The reception at which members of the Teachers' Club of the Glendale City Schools entertained members of the High School Teachers' Club and of the Parent-Teacher Associations Monday evening was a great social success. In the receiving line were Miss Clara Midcalf and her fellow officers of the club and the first part of the evening was given to informal visiting. The assembly was then called to order by Miss Ida Waite who announced the numbers of the brief program which opened with an address of welcome by Miss Midcalf. She expressed the pleasure it was to her and her fellow teachers to greet so many friends and their satisfaction in being identified with Glendale. Complaints had been published that teachers elsewhere are leaving their schools, she said, but not so in Glendale because, she declared, "we realize we are dealing with the best people and we would much rather be in Glendale than in, for instance, Watts. (Laughter and applause). We are more than glad to welcome the High School teachers. Perhaps it would seem that we should see a great deal of each other but being under separate Boards of Education we are not thrown together as much as we otherwise would be, but we hope now that we have an association and the High School teachers have an association and the parents have an association that we shall have many such meetings.

Mrs. A. A. Barton, president of the Parent-Teacher Association, was called upon and made a brief, snappy talk in which she told the story of the Scotchman attending a revival meeting who was much moved by the persuasions of the preacher, but found it hard to get courage enough

(Continued on Page 4)

X. V. I. CLUB

The X. V. I. Club had a special and very delightful outing Saturday when members lunched together at Petifils and spent the afternoon at the theatre, the party including Misses Leeta and Alice McCoy, Harriet Nichols, Lillian and Birdie Shropshire, May Cornwell, Mesdames Lester Jones, Hazen Collins, Llewellyn Andrews, Warren Roberts and Albert Cornwell.

SUGAR SITUATION

A PRICE OF 30 CENTS BY CANNING TIME NOW PREDICTED

Glendale merchants yesterday paid 22½ cents a pound for sugar. Some of them who had supplies on hand are still selling for 19 cents; others for 20c, but the new price will be 24c, with a promise of going much higher as wholesale prices seem bound to advance. The government allows the retailer a profit of 2½ cents a pound but most of them ask only 1½c above wholesale and they must pay freight charges out of this. While the sugar trust pleads scarcity of supplies as a reason for continued advance in price, many people refuse to take any stock in this plea. Yesterday's dailies announced that a shipment of 2,300,000 pounds was on its way to Los Angeles from Guatemala and that others would follow. This does not look like a scarcity. Sugar from that country had been going to England.

Housewives are much concerned over the prospect for fruit canning as it is predicted that the price at canning time may be 30 cents a pound or more. Government investigations into soaring prices are treated with contempt by the sugar trust, apparently, as every such a one results in a further rise in price.

J. J. BURKE BUILDING CABINET SHOP

Contractor J. J. Burke has at last secured a permit for the erection of a carpenter and cabinet shop to contain necessary machinery for making finish parts. He wanted to locate it on the east side of San Fernando Road where the end of Palmer avenue would be if extended that far, but permission was denied him because this was outside the industrial district. So he secured a site on the west side of San Fernando Road, at 1211 and will erect his shop at once. It is expected to cost \$1000 for the building alone and the necessary machinery will cost several hundred dollars additional.

CHEAP ROAD BUILDING

EAGLE ROCK HAS FOUND ECONOMICAL CONSTRUCTION MOST LASTING

Claude Bramble, superintendent of streets for our enterprising neighbor on the east, Eagle Rock, in a communication to the Southwest Builder and Contractor, gives what seems to be a convincing argument in favor of cheap highway construction where unusually heavy travel is not anticipated. He says that Royal Drive, a street leading south from Colorado near the center of the city was paved several years ago, has been used constantly ever since and yet not a penny has been spent on it for repairs. It is in as fine condition for travel as when first laid, he says. The reasons given for this street holding up so perfectly are that a very thick base was put in and the utmost care used in mixing the ingredients, the highest quality of roadoil was used and it was put on with the utmost care. Mr. Bramble says that so well are the city authorities pleased with the permanency and service of Royal Drive, though it is admittedly of the most economical construction, that more than 50 other thoroughfares of the city have been ordered torn up and replaced with exactly the same kind of construction.

MRS. SHIVES MITCHELL GOES HOME

Saturday Mrs. Shives Mitchell, who has been the guest of her mother, Mrs. Ella Richardson, for several weeks, entertained at the Richardson home on Riverdale Drive a group of old school friends who, like herself, are wives and mothers. About twenty-five ladies and children were present. The house was beautifully decorated with lilacs and Cecil Brunner roses and refreshments of cake and ice cream were served on the lawn. Omar Richardson and his brother, E. Will Richardson, are motoring to King City today to take Mrs. Mitchell and son, Billy, home. After a visit in their sister's home they will go on to see Paul at Stanford and Johnny at Mount Tamalpais Academy. They will also visit friends in the north before returning.

LATE OLIVE CROP

A row of olive trees in front of the residence of Chas. Ellsperman, on Sixth street west of Grand View avenue, has still considerable fruit on it, which is rather unusual for olive picking and curing generally begins in October or November and is ended by January. There are both green and ripe fruit on these trees, but it is all rather small. Trees on the other side of the road were stripped months ago.

WEATHER FORECAST: Fair tonight and Wednesday.

LAUDS NEW HOME

NEW YORK MAN TELLS OF GOOD WORDS HEARD ABOUT GLENDALE

Charles H. Barnes, who recently came to Glendale from Poughkeepsie, N. Y., where he was connected with the Poughkeepsie Paint Company, has already entered heart and soul into the civic life of his adopted home, as is evidenced by the following:

Mr. and Mrs. Blake Franklin are entertaining V. Price Holme of Emporia, Kansas, who, with his wife, was a guest in their home last year and became inoculated with the California fever. He is now looking for an orange grove location. Monday evening Mr. and Mrs. W. W. Worley were invited to meet him at dinner at the Franklin home.

lowing expressions from him, to the Evening News:

"I have been a resident of your city for one month, during which time I have visited a number of your neighboring towns and have talked with many people. When I could I have brought Glendale into the conversation; in other words, have fished for their opinions, as I am expecting to locate somewhere in Southern California. Much to my pleasure everyone I have talked with had something good to say about Glendale. The only adverse criticism I have heard has been by a very few in your own city limits. I often wonder why every city has to have this kind of people. When I hear them I always feel that I should like to chip in and help them out—of town. I am a daily reader of the Evening News and enjoy its local flavor."

GLENDALE, CALIFORNIA, TUESDAY, APRIL 27, 1920

AMBASSADOR UNDERWOOD'S REPORT

HIS STATEMENT OF DOINGS AT SAN REMO CONFERENCE TO GO BEFORE PRESIDENT TODAY

(Special Service to Glendale Evening News)

WASHINGTON, April 27.—Ambassador Robert Underwood Johnson's report of the Supreme Council proceedings at San Remo at which he acted as an unofficial American observer, was to be laid before President Wilson at a cabinet meeting called for this afternoon.

Johnson's report was received today at the State Department. Secretary Colby planned to submit it to the President and cabinet at 3 p. m.

Although no hint of the nature of the report was to be had, through official sources, it is believed that it contains important confidential information on the deliberations and conclusions of allied premiers at the San Remo meeting just concluded, and also the allied arguments in favor of the United States accepting a mandate for Armenia.

AMERICANS LEAVE MAZATLAN

ALL WHO WISHED TO GO GIVEN ACCOMMODATIONS ON STEAMER SENATOR ON APRIL 23

(Special Service to Glendale Evening News)

WASHINGTON, April 27.—All Americans who desired to do so, left Mazatlan, on the west coast of Mexico, April 23 on the steamer Senator, which is due in San Pedro tomorrow, the State Department was advised today.

A clash between rebel and federal forces for the possession of Mazatlan is now thought to be imminent.

NOTES OF TRAVELER

(Continued from Page 1)

of gasoline, and it seems chiefly a case of "get all you can"—a disease which we find has infected many public service bodies out here, the telephone company, for example.

B. L. T. of the Chicago "Trib" occasionally gets off a squib in his "colyum" about "Loz Onglaze," as he calls our sister city. He repeats old stories such as the one in which the hero, a minister, at a funeral service, thinking of nothing good to say of the departed, offers some remarks about the climate in Southern California. Then B. L. T. laughs about it and makes comparisons with real Chicago weather—and, believe me, such comparisons are indeed odious!

Which reminds me of my entry into Chicago from Cincinnati one Sunday evening, April the fourth. A blizzard was raging and at Kensington our train was stopped for a couple of hours or so and finally, on making the attempt to move again, was derailed. No assistance could be secured, so finally I took my suitcase and hoofed it up the tracks in knee-deep snow and blinded by the driving sleet. A thousand yards or so seemed like 10 miles and when I got to a hundred and somethingth street I slid down the embankment and found a Greek restaurant with a "hotel" sign. I called up the Hotel LaSalle, canceled my reservation and went to bed after carefully brushing off the sheet! Next morning I paid another 40 cents to get into town on the I. C.

When I was in Denver I met a certain doctor who consulted me about his wife. In the course of our conversation he said, "Glendale must be a very lovely place," and naturally I immediately asked why he said this. He then told me that a short time before he had met a Glendalian on the train, and gathered from him that it was a great place to live in. Who do you suppose this booster was? John Robert White of the California Furniture Co. Evidently he "represents" us elsewhere than at Sacramento.

In New York City a broker of chemicals surprised me by saying, "I had a man in here from Glendale not long ago, trying to sell me some hyoscymine which he makes out there." It was Mr. Salyer of the Belladonna Products Co., another flourishing laboratory also on our dear old Broadway—ever so much nicer than the other Broadways, isn't it?

A question put to me quite often, especially by business men I had to meet, was, "Why on earth are you out there in Glendale, anyway? Why don't you establish your laboratory in New York, or at least in a real town?" And my answer was invariably "Ever been in Glendale?" "No?" "Well, come out there some day, and you'll get a better answer than I can give you. It's got your town beaten to a proverbial frazzle. Come out and see why."

I had quite an exciting time in New York. About 150 doctors had come to the Hotel Sherman Square to listen to my ravings on the internal secretions, and when I was through and asked for questions I was treated to a regular "hauling over the coals" by a certain prominent pathologist who evidently felt that we could do nothing good so far away from New York! He attempted to lay me out in proper shape. Finally I got him to confine his remarks to questions and in my answers took occasion to ask him a few questions myself which he did not succeed in answering to the satisfaction of the crowd, so he soon left the room, presumably on a hurry call! It is funny how the "Glendale, California," acts like a red rag to some; in fact, I was reminded by one friend of the Bible quotation, "Can any good thing come out of Nazareth?"

Incidentally the very next day a man came into our New York office asking for further supplies of one of our formulas prescribed by this very vociferous knocker, and the man himself told how his blood pressure had been raised 40 points already. And don't forget that he was a patient of the very physician who had called me down for empiricism and unscientific work!

Now that I am home again I am reminded of what the famous Doctor Samuel Johnson once said on returning to London from a trip to Paris. He was asked what he had learned in the French capital. His reply was, "I learned to be better satisfied with London." And I, in turn, have learned to be better satisfied with Glendale.

HENRY R. HARROWER.

MORE RIGID GAME LAWS

MARYSVILLE, Cal., April 27.—(United Press).—Because many fishing enthusiasts report that trout are being caught that are still carrying eggs, the Yuba-Sutter Fish and Game association recently passed a resolution urging the state fish and game commission to change the opening of the season in this district from April 1st to May 1st.

The association also has asked the commission to establish a fish hatchery at Indian Valley on the North Yuba river.

Raymond Robbins was in Russia in Red Cross work and will tell about it at High School tomorrow night.

The Only Non Set Automatic Stop

This long-wanted improvement is now a part of the new Columbia Grafonola. Built right into the motor. Invisible. Automatic. Operates on any record, long or short. Nothing to move or set or measure. Just put on your record and the Grafonola plays and stops itself.

Exclusively on the

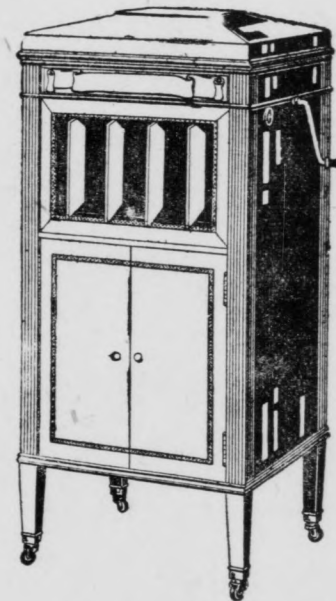

Columbia Grafonola

No other phonograph has it. All other stops must be set by hand for every record. No other phonograph can get it. Basic patents protect the Columbia Non Set Automatic Stop. It is the last touch of convenience added to the Columbia Grafonola's recognized leadership in beauty of design, richness of tone, and reliability of mechanism.

Ask the nearest Columbia dealer for a demonstration of the stop that needs no setting.

ADVOCATE CHANGE IN TREATIES

ARBOGA, Cal., April 27.—(United Press).—Although they voted unanimously in favor of Oriental exclusion, members of the Arboga farm center believe that existing treaties must be upheld and that if immigration detrimental to the interests of the United States result from provisions of such treaties, the treaties should be changed.

"Aw, ma, I'm too tired to sweep." "No, you ain't, daughter. Just go partners with this broom. I'll turn on the graphophone and you can jazz out the dining-room in no time."

C. SCHMAHL MERCHANT TAILOR

When buying clothes, make up your mind. At 102-A East Broadway you may find A Tailor in whom you can trust. Will sew the seams that never burst. The fit and finish, woollens, too. Must please before the job will do.

All citizens of Glendale should hear Raymond Robbins at High School tomorrow night.

TEACHERS' CLUB

(Continued from Page 1)
to get up and declare himself. He finally achieved it, however, and carefully laying aside his pocket-book he surrendered with the appeal: "Lord, take me just as I am." "We are too apt," she declared. "to lay aside our pocketbooks when we undertake to express appreciation of the teachers." In that connection she remembered the words invariably used by a school trustee she once knew when he toasted the teachers: He always said: "Our teachers! God bless them!" She then paraphrased it by the toast: "Our teachers! Let's pay 'em!" (Applause).

Mr. Ferguson, president of the High School Teachers' Club, on behalf of his club expressed appreciation of the invitation to participate in the reception and expressed the hope that it would lead to closer relationship, because in reality their interests are identical. He spoke of the disposition among teachers to organize that they might exert a wider influence in educational matters and policies and also secure benefits in the way of instruction along lines on which they wished information which they could not obtain alone. Organization, he indicated, is the slogan of the hour, and within a month he prophesied there would hardly be a unit among the schools of Los Angeles county not organized by itself or affiliated with some other organization. Organization, he said, is being urged by experts in education among whom he quoted Dr. Snyder, commissioner of education. He declared that in initiative the teachers had fallen behind the P-T. A., which, he asserted, is leading in all the forward movements in education, and the teachers are waking up to their opportunity and duty. Said he: "I have no doubt but that in the near future the people of the county and state are going to be asked to support legislation that will be placed on the ballot in November provid-

ing for a rearrangement of taxation. For the first time in the history of the country business interests are taking an active interest in the school system of the United States. They realize the industrial unrest and the ignorance which is menacing our country. A plan is being worked out for a revision of the constitution of the California Teachers' Association which will be presented in the near future. This will take advantage of organizations already formed and will make a far more democratic organization than we have ever had before. The question will come up between now and the convention in December."

The following program of music and readings was then given:

Vocal solos, "The Storm-Tossed Sea" and "Just for Today," Mr. Ross, teacher of nature study in Intermediate, accompaniment by Miss Sharpe.

Reading, Mrs. E. E. Harwood—"An Island Is—" by Elsie Singmaster.

Piano solo, Miss Gladys Sharpe, Reading, "When the Green Gets Back in the Trees," and a monologue by "the infant terrible," Mrs. Helen Salisbury.

Vocal solos, Miss Elsa Brenne-man, two compositions by James Rogers—"Violin Song" and "The Star."

All the numbers were exceptionally good and it was a great satisfaction to the audience to discover how much talent it has in its teaching force.

At the close of the program delicious fruit punch and wafers were served and more visiting was enjoyed. The gym had been beautifully decorated for the occasion with flowers and greenery by the committee of arrangements which included: Miss Midcalf, Miss Waite, Miss Cornwell, Miss Mitchell, Miss Ball, Mrs. Stone, Mrs. Mandis, Miss Land and Miss Berry.

WESTERNISM DULLING ROMANCE, BUT CALLING FORTH NEW SPIRIT IN JAPAN

Westernism is dulling the Japanese spirit of romance, says Yone Noguchi, the Japanese poet, in an interview described in the March World Outlook. Yet he admits that it is having a vital effect on Japanese literature and life.

"Yes," he said, "it is democratizing it. From care-free singing about the cherry blossoms, Japanese writers and students are turning to think about humanity. For instance, the rage just now is Karl Marx. Editions of translations of his work are being sold faster than they can be printed. Everywhere people are reading about economics, about social reconstruction. Magazines devoted to social problems seem to spring up overnight. The young men in the universities are talking about social reform—and every experiment in the West, every new theory of political, economic and social life is eagerly discussed. Tolstoi, Ibsen, Shaw have had their day and are still having it. Previously it was Turgenev. All the social unrest which followed in the wake of the war has set fire to the thought of Japan. The result is bound to show itself not only in the literature but in the life of the people.

"Yes, there is a change. People are growing more serious. You find it in the contrast between the modernized cities like Tokyo and the cities like Kyoto where the old life of Japan has remained unchanged. Tokyo is the center of governmental life. Kyoto, the old imperial capital, is full of gardens and great temples. In Kyoto life is still leisurely and graceful, and the people are joyous. They love to dress and show themselves. They don't eat enough, just to be able to dress well. To look pretty is the one virtue to Kyoto people. They are festival folk. But in the modern cities like Tokyo, Osaka and Kobe, people live always, it seems, under the shadow of their

factories, their business.

"A poet must lament the passing of the cherry-blossom ideal of life," he said. "And I believe that while Japan is learning science and practical arts from the West, and translating Karl Marx, you might well learn of us some of our old primitive joyousness and festival spirit, and plant cherry trees along your gay streets. But for us the new spirit is perhaps a healthy sign. Through this interest in problems of the industrialism that is pressing us ever

more closely, life in Japan may cease to be so romantic, but it will become more real."

THE BRUTE!

"Oh, John, I baked a lovely cake and put it out on the porch for the frosting to dry, and the dog ate it."

"Don't cry, dear. I know a man who will give us another dog."

Raymond Robins, one of the great men of America, at High School tomorrow night.

Personals

Raymond Robins will explain League of Nations tomorrow night at High School.

Hugh Cornwell has employed T. H. Addison to build a \$400 addition to his house at 342 Howard.

J. F. Stanford will erect a 5-room residence and a garage at 426 Burdett. The estimated cost is \$3500.

Wm. Prendeville of 335 Patterson avenue had his Ford car stolen from where he had parked it in Los Angeles Sunday night.

Miss Fritch of the Columbus Avenue School accompanied the children of the Sixth Grade on an all-day hike and picnic in Griffith Park, Saturday.

A. E. Randall has secured the necessary permit for the erection of a 5-room residence at 630 Howard, to cost \$3000. He is his own contractor.

Miss R. McBride, who has nearly made over the house she bought a few months ago at 737 South Maryland avenue, corner of Windsor Road, has taken out a permit for the addition of another room.

Mr. and Mrs. C. W. Ingledue have purchased the property at 411 North Central avenue and expect to move the last of this week or first of next. Their home at the corner of Wilson and Jackson will be rented.

Mrs. Maude S. Potter of 123 1/2 N. Everett was brought home last evening from a Los Angeles hospital where she was taken for a serious operation a few weeks ago. She is getting along very nicely.

Mrs. Sarah Van Dyke, mother of C. M. Van Dyke of 325 West Acacia avenue, is seriously ill of uremic poisoning, and under the care of a trained nurse. She is reported as somewhat better this morning and her friends hope she will rally and be restored to her usual health.

The Central Avenue Methodist Sunday School has a new honor roll and about thirty-five names have been added since the first of January. A gold medal has been offered as a prize to the pupil who brings in the largest number of recruits by Superintendent J. L. Brown, and competition is lively.

The Glendale High School is not waiting until the end of the year to get into the limelight. It is giving a party this week to which all the consorts of the graduates, male and female, are invited. Glendale is acquiring quite a colony of young married folks who claim G. U. H. S. as their alma mater.

Mr. and Mrs. Frank C. Weller spent last week at Long Beach but have returned to their Glendale home. Mrs. Weller is today entertaining at luncheon a college chum, Mrs. Roger Elder, and her baby, from Tacoma, and Miss Eva Bradway of Hollywood, sister of Mrs. Elder.

Dr. E. S. Bucher, who arrived in San Francisco last Wednesday from Siberia, reached Glendale Saturday night. He was accompanied by his wife and children who went to San Francisco to meet him. The doctor had more than a year's service in Red Cross work in the Russian country and is glad to be at home again.

As delegates Mesdames George Adams and Annie E. Williams attended the combined Convention of the Woman's Board of Missions for the Pacific Southern Branch and Home Missionary Union of Southern California, held in Santa Ana the 21st and 22d of April, and report a successful and profitable meeting as well as an enjoyable and pleasant time.

Mr. and Mrs. B. L. Cline of 720 East Windsor Road spent Sunday at Balboa with Mrs. Cline's sister, Mrs. Myrth True Smith, and her mother and father-in-law who have apartments there. The wind blew for a short time and then died down leaving conditions ideal. The party had a charming boat ride around the bay and young Edwin Cline lost his hat which now reposes in the bottom of the bay, otherwise they had no mishaps.

Mrs. Lee Jessen, who moved from Jackson street to 741 South Glendale avenue about two months ago, is enthusiastic about the busses which run between Pasadena and Santa Monica via Glendale. Her mother lives in the beach town and it is easy for her to take her two little girls and run down for a week end visit. The weather was unusually nice and a big crowd had come by trolley and auto to enjoy it.

F. W. Anderson and wife, who have lived for some time at 126 North Louise, are now residents of Glendora. Mrs. Anderson went over last week to take charge of a rooming house and F. W. goes today. Miss Winifred is with them, but Miss Helen and Doty will stay in Glendale until the former's school term ends and will then probably join the parents. Mr. Anderson expects to do motor trucking. He has been doing hauling, with team and then with motor truck, for several years in Glendale and was also a motorman.

HAS HIS TROUBLES

CONTRACTOR BOYD SELLS HIMSELF OUT OF HOUSE AND HOME TWICE

W. G. Boyd is having a desperately hard time to get located in a home. No sooner is he settled, he thinks, than he is ousted by some unfortunate buyer. He started a fine home for his family at 126 S. Kenwood, a commodious 6-room house, and built the garage first to live in while erecting the house. But before the garage was completed he sold the property to a Mrs. Kiers of Seattle, Wash., an old acquaintance of Mr. and Mrs. W. J. Clendenin. She will come next month with her son and daughter to occupy the place. Mr. Boyd then built a garage on the rear of his lot at 506 North Kenwood and moved into it, immediately starting construction of a 6-room house on the front. This place he sold last week to Glen Seitz, a traveling salesman of Hollywood, who sold his home there to buy in Glendale. Mr. Boyd has hastily built a garage on a lot he bought at 326 North Jackson and hopes he can complete a residence there and move into it before some one insists on buying it.

GLENDALE 16; SOUTH PASADENA 1

The 0 to 0 twelve-inning tie between Glendale and South Pasadena High School teams was played off yesterday afternoon and had rather an inglorious ending. The South Pasadena team was short several of its regular members when it arrived in Glendale and the manager did not want to play, but according to the rules of the contest the game would be forfeited to Glendale if they refused. So the game commenced but at the end of the fourth inning Glendale's score was 16 to South Pasadena's 1, so the latter chose to forfeit the game. Both teams would have greatly preferred an even contest and it is a source of regret to the Glendale players and their adherents that they did not have to fight for a victory. Glendale is now tied with Citrus Union High for the championship of the league.

THE PET STOCK EXCHANGE

The Poultry and Pet Stock Exchange established over a month ago at 142 North Brand boulevard seems to have filled a long-felt want, both among those who have stock to sell and those who wish to buy. There is a constant moving of stock in and out of the store from canaries and other pet birds to thoroughbred dogs. Poultry raisers find there the bird they need to increase the efficiency of the flock as well as baby chicks of various breeds. Rabbits of all kinds are popular, too, and aristocratic kittens often find their way through this store. It is an interesting place for one who loves the little furred and feathered folk.

VOTERS—ATTENTION

At the election to be held May 4th, there will be two ballot boxes—one for the regular delegates to the Presidential Convention, and one for voters to pass upon a small bond issue for the purchase of property known as the Balloon School, for the purpose of donating the same to the United States Government.

The site of the Balloon School at Arcadia comprises 185 acres, and the same is valued at \$1,000.00 per acre. The owner, Mrs. Baldwin, has offered to donate \$200.00 per acre, and the Government has agreed to pay the appraised value of the improvements, consisting of a number of buildings on the property, and which were appraised at \$56,000.00.

The Los Angeles Chamber of Commerce has agreed with the Government that a permanent aeronautical station will be established on the ground provided the title to the land shall be purchased by the county and presented to the United States.

A special act of the Legislature permits the county to vote bonds for the purchase of property, and the ballot will provide for a vote on the issuance of the bonds to the amount of \$93,000.00, running for a period of three years for the payment of the balance of the purchase price of the property.

The Board of Supervisors unanimously favor an affirmative vote on this bond issue.

JONATHAN S. DODGE,
Chairman Board of Supervisors.

2:30 A. M.

W. C. Cutler of 1327 North Louise street has had notice of the receipt of the wedding present he bestowed upon Mr. and Mrs. Jesse Smith. It did not come in the form of a dainty note, on monogrammed stationery but he knows they got it. The gift was not an invention on his part but was a good, standard, substantial and expensive alarm clock incased in a box carefully wrapped in cotton and white tissue paper and then reenclosed in another box. The alarm was set to go off at 2:30 a. m. and the recipients were presented with the mysterious looking package with instructions not to open it until morning. They opened it at 2:30 he learns.

Everybody Welcome

NEW CARRANZA OFFENSIVE

COMPLETE DIVISION OF CARRANZA TROOPS BEING MOBILIZED AT GUADALAJARA

(Special Service to Glendale Evening News)

EL PASO, April 27.—The formation of a complete division of Carranza troops at Guadalajara to start on offensive by land and sea against the Sonora and Sinaloa rebels before the rainy season ceases, has been undertaken by General Manuel Dieguez, whose mission to the west coast precipitated civil war in Mexico.

The arrival of a squadron of eight bombing airplanes at Guadalajara was reported today together with details for the plans of the offensive.

General Rafael Guelna, formerly federal commander along the west coast, has been given command of a brigade under Dieguez.

Martial law has been declared in Pachucha, State of Hidalgo, since the discovery of a rebel plot, reports received here stated.

ORATORICAL CONTEST

(Continued from Page 1)
resented the class several times in
debating contests; Jack Jenkins,
who is also a member of the debat-
ing team; Roger Denison, Clayton
Card, Joseph Cummings, Miss Mal-
lory, Miss Parker and Mr. Root of
the High School faculty were the
judges. Jack Jenkins was selected
by them to be the senior class cham-
pion, his subject being "Herbert
Hoover."

Friday the juniors had their try-
out. There were eight contestants
from that class, viz.: Tom McNary,
Burney Chandler and Carl Wolf, all
of Eagle Rock; Francis Read, Har-
old Parcher, of Sunland; C. G. Far-
row, David Foltz and William Far-
ner, Harold Parcher, William Far-
ner, who represented the class last
year, and Francis Read had the high-
est rating and of the three the
judges selected Francis Read as the
class representative, his subject be-
ing "The Red Peril." Under that
title he reviews Bolshevism and other
forms of radicalism.

Paul Hutchinson was the only or-
ator for his class and was, of course,
named as its champion. His theme
like that of Jenkins is "Herbert
this tribunal has not been named, it
is considered probable that represen-
tatives of the English Departments
of Whittier College, University of
California, Southern Branch, and
University of Redlands, will act.

The three judges of delivery have
not been chosen but the trio is ex-
pected to include an attorney, a
clergyman and a college professor.
The contest will take place at the
High School on the 7th, or one week
from Friday night. As it is the big
rally of the school when class spirit
runs high, all students will want to
be present, and provision will also
have to be made for the parents of
contestants and for the faculty of
the school. The auditorium was
desperately crowded last year and
what will be done to make provision
for the increased student body this
year, is a problem.

SURPRISE SHOWER

(Continued from Page 1)
by Pastor W. H. Healey, of that city.
Those present were mostly stu-
dents and friends from the White
Memorial Hospital and medical col-
lege in Los Angeles, where Dr.
Kretschmar has been a student for
four years.

Mrs. Kretschmar is a graduate of
the Arizona School of Oratory and
Music and has many friends in Phoe-
nix who will be greatly interested in
her marriage.

Dr. and Mrs. Kretschmar will sail
in August for Edinburgh, Scotland,
where he expects to continue his
study in medical lines.

The bride is a cousin of Miss Win-
ifred Sturges, who came recently
with her parents and sister from
Phoenix, Ariz., to Glendale, to live,
and who is employed in the Pacific
Union Conference offices.

Raymond Robins will speak on
the H. C. L. and its solution at High
School tomorrow night.

Money Laid on
Hoover to Win

San Francisco Man Bets \$1500
to \$1000, and Explains
His Reasons

SAN FRANCISCO, April 26.
—The first big bet on the
Hoover-Johnson result to be
wagered in this city was
placed today by Maurice
Zuckerman, wealthy produce
merchant, who wagered \$1500
to \$1000, that the Hoover
ticket would sweep the State.

The short end of the bet
was taken by Louis R. Lurie,
realty man. Zuckerman sizes
up the situation as follows:

"The women throughout the
country will be for Hoover.
They know him like they
know their own kitchen."

"Secondly, Hoover is the
only business man who com-
mands the confidence and vote
of the working people."

"Third, as a business man
he will be acceptable to the
business interests of the coun-
try."

"Fourth, the Republicans
are too smart to overlook the
opportunity by failing to nomi-
nate him."

"The people want an Amer-
icanized League of Nations,"
continued Zuckerman, "and a
peace treaty that will protect
the small nations of Europe
from control, through com-
mercialism, of Germany."

"Hoover is an American
who understands the thought
and conditions and people of
Central Europe."

"Hoover ought to be and
will be the next President of
the United States."

UNION LABOR FOR HOOVER

(Contributed by Hoover Club)

SAN FRANCISCO, April 26.—
The San Francisco Labor League for
Hoover, in a circular letter issued
today and sent to thousands of work-
ers throughout the State, explains
why it stands for Herbert Hoover, in
preference to Hiram Johnson. The
letter reads as follows:

Hoover is the man who estab-
lished the eight-hour day in the
mines.

Hoover insists upon the right of
the workers to organize and bargain
collectively.

Hoover is opposed to child labor.
Hoover believes in a living wage.

Hoover is for the League of Na-
tions, to which the entire American
labor movement is irrevocably com-
mitted.

Hoover is demanding a higher
salary for public school teachers.

While Hoover is a friend of or-
ganized union labor, he is opposed
to all the "isms" which would de-
stroy organized labor.

Hoover is absolutely opposed to
the importation of Oriental labor.
Hoover opposes any curtailment
of the right of free speech.

Hoover advocates the control of
corporations; eliminating the profiteers
and reducing the cost of liv-
ing.

Hoover is a real friend of human-
ity. He is not a politician. He is
a great executive and has made a
success of everything he has under-
taken.

HE'S CRAZY IN LOVE

"George proposed to me last
night."

"Did you accept him?"

"Of course I did. Any man who
would propose now with the cost of
living where it is, must love a girl
a lot."

Raymond Robins will speak at
High School tomorrow night.

BUILDING BOOM PUTS LUMBER
TO FOREFRONT IN OLD SOUTH

BIRMINGHAM, Ala., April 27.—
(United Press.)—The lumber indus-
try, stimulated by a nation-wide con-
struction boom, is coming into its
own, and the South is attaining a
dominant position in the industry.
In spite of adverse weather condi-
tions, car shortage, the labor situa-
tion and other retarding factors,
lumbermen of this section anticipate
a heavy spring business.

Because of the heavy snows and
severe cold in the north, the retail
yards of that section were unable
until recently to move the lumber
already on hand. But stocks in the
north are now being depleted, and it
is even feared locally that the de-
mand will again exceed the supply,
due to heavy rains in Alabama which
have greatly hindered operations.

The car shortage is considered ex-
tremely serious in this industry, as
well as in many others. The same
conditions in the labor question that
arise elsewhere also are factors here.
The great demand for new buildings
to solve the housing problem, cou-
pled with the other cause referred
to, has been responsible for making
lumber prices high, but it is also
serving to place the South very near
the top among manufacturers.

Lumber manufacturing has al-
ways ranked third among national
industries, but today occupies an
even more important position, and
its main activities are in the South.

The demand is universal, the
Southern lumbermen being called
upon to furnish lumber for rebuild-
ing devastated Europe, as well as to
supply the greater part of the na-
tion's needs. This is not alone true of
construction material, but hardwood
for some of the largest furniture
manufacturing companies in Amer-
ica now comes from the timbered
lands of Alabama and other South-
ern states.

A part of the present heavy de-
mand for lumber and timber is for
derrick construction in the oil fields
of Texas, according to lumbermen.
One hundred thousand derricks will
eventually be built on proved lands,
and it is estimated that 28,000 feet
of lumber will be required for each
derrick.

At the present time the lumber in-
dustry of Alabama gives employment
to 26,000 persons, or 32 per cent of
the total number engaged in indus-

try of all kinds; it pays 25 per cent
of the total salaries and wages paid
to industrial employees; its capital
amounts to 14 per cent of the total
industrial capital employed in the
state; its annual products are worth
\$26,000,000, or 18 per cent of the
total value of all manufacturers, and

this is exceeded only by the value of
agricultural products.

"I didn't like her singing; her
notes come from her chest."
"Well, ought they not?"
"No; they ought to stay there."

Summer Millinery

With warm weather comes the need
of summer millinery. Light straws,
sport hats and dainty crepe models,
make their own special appeal at this
